

Great things the Lord did ...By the end of 2017, I was reading the book; "One Word" and God gave me the word: **Growth**. I think my faith was small, because, God did much more than I could imagine, Glory to God!

This year we hosted four FCA teams in Brazil, with many camps from basketball, football, soccer, track, 3D Coaches clinics and chaplaincy training. These teams have opened doors in new cities such as; Campinas, Joinvile, Nova Odessa and strengthened the work in São Paulo and Curitiba. In January our team, met with the Curitiba Secretary of Sports Director and we now have a partnership established. Each year we will have a big sports event in the city with the FCA teams like (you) who will come to lead camps & clinics. In addition to receiving the FCA teams in Brazil, we continue with sports chaplaincy, training and many evangelism opportunities to share the gospel in small groups like what you call huddles. Now we are blessing many projects for next year and you are our special guest. Thank you!

We still need help getting a soccer team, cheerleaders and a team of athletes and college coaches to come. You are very important in everything God has done in Brazil, because your prayers have strengthened my life, your offerings have met my needs and your presence has impacted lives for Jesus. We Praise God for your life.

I invite you to continue this challenge, because I really need you. God Bless!
