Brazil Ministry Trips 2018 Quotes

Paulo Wescher and Mario Bento- FCA in Brazil:

“This work that we do here opens doors to work with coaches in other places and opens doors to share the Gospel and the vision of FCA. “

“The important thing is the opportunity to share the Gospel with people that we might not have the opportunity without the presence of FCA.”

“Giving of yourself to people is special, it is great for them, but it is greater for us. The people of Brazil have received something, but we have received even more” Donnie Arrington- FCA- Multi-Area International- Brazil

“We went to minister to the Brazilians this past summer...to share our hearts, love of Jesus, our culture, and sports with them....and we came back with so much more. We came back with a Brazilian family that we will never forget. We saw their love for Jesus...and we were changed infinitely more for God’s service and glory.” Kristen McGuire, Sonoraville HS

“I’ve got to experience Christ in a different way, thinking about all of the things that we take for granted in America, being in a country and not being able to communicate and Christ showing himself through different people; through His love. That is definitely a universal thing.” Aaron Clark- Windsor Forest HS- Joinville- Brazil:

The course to me. It opened my eyes to many things in the sports environment and how to evangelize and disciple athletes and those who are involved in sport. I have a greater awareness of my purpose as a Christian and now I have the right tools to be an instrument in the hands of the Lord! **Daniella Mieko – Professional Athlete (Track and Field)**

FCA has helped me to see the importance of sharing Gods word during practice and help me change the way I coach. Attending conferences was a blessing for both myself and my wife as we got to see a side of FCA we hadn’t seen before. We grew closer to each other and learning other ways to reach athletes and coaches. Thank you, Dirceu Jardim, Elite da Bola
